

Are your collaboration tools secure enough?

Strong encryption, compliance, visibility and control.

When you choose Webex, you're getting the industry's most secure collaboration platform.

You're getting all the **protection and best practices** from Cisco's world-class security teams.

Security. It's what we do.

Rich history of security – from network, to endpoints, to data center and cloud, all built on the Cisco Secure Development Lifecycle.

Secure by default.

-  Secure meeting settings by default.
-  Strong passwords by default for every meeting.
-  Your messages, files, whiteboards, and actions stay safe.
-  Recordings and transcriptions are encrypted and stored in-house.

Dedicated departments on the forefront of security

Cisco Information Security (InfoSec) Cloud team
